

# Say Goodbye to High Electricity Bills!

Invest in Solar & Start Saving Today!

**TATA POWER**  
**SOLAROOOF**

**INDIA'S NO. 1\***  
SOLAR ROOFTOP COMPANY

## Maximise Your Savings with PM-Surya Ghar: Muft Bijli Yojna

### RESIDENTIAL HOUSE SUBSIDY

Rooftop Solar Plant Capacity	Rooftop Solar Plant Subsidy per kWp
1 kWp	₹30,000**
2 kWp	₹60,000**
3 kWp and Above	₹78,000**

\*\*Additional subsidy in select states as per policy

### GROUP HOUSING SOCIETY (GHS)/ RESIDENTIAL WELFARE ASSOCIATION (RWA) SUBSIDY

Subsidy Amount: Avail 18,000 INR per kWp | Applicable Facilities: Subsidy is for common facilities including EV charging | Capacity Limit: Up to 500 kWp\* | Per House Limit: Subsidy applies at 3 kWp per house

\*\*The upper limit includes individual rooftop plants installed by individual residents in GHS or RWA

### Sample Illustration

Total Combined Capacity Installed	Total Households	Maximum Subsidised Capacity (kWp)	CFA Subsidy per kWp (INR)	Total CFA Subsidy (INR)
100 kWp	20 houses	60 kWp (20 houses x 3 kWp per house)	₹18,000	₹10,80,000
100 kWp	50 houses	100 kWp (limited by total installed capacity, which is lesser than 50 houses x 3 kWp per house)	₹18,000	₹18,00,000

**SOLAR PANEL SAVINGS BREAKDOWN**

Assumptions: Daily Generation per kWp - 4 units | Electricity Rate - ₹ 7 per unit | Number of Days in a Year - 365 days  
Per kWp Calculation: Annual Energy Production - 4 units/day x 365 days = 1,460 units per year;  
Annual Savings - 1,460 units/year x ₹ 7 per unit = ₹ 10,220 per year

**Annual Savings Table**

System Size	Annual Energy Production (units)	Annual Savings (INR)
1 kWp	1,460	₹10,220
2 kWp	2,920	₹20,440
3 kWp	4,380	₹30,660

**WHY USE SOLAR POWER?**

**Guaranteed Lifetime Savings**

Up to 80% or more reduction in electricity bills

**Pays for Itself**

4-7 years' average payback period for recovering initial investment

**Become a Green Hero**

1 kWp system abates emissions equivalent to planting of 50 trees

**Freedom from Rising Electricity Tariffs**

Average grid tariff increase of 3-5% per year

**OUR CREDENTIALS**

**Manufacturing in India**

4.9 GW Cell and Module manufacturing capacity

**Large Satisfied Customer Base**

Partner of choice for 1,00,000+ total including 45,000+ residential customers

**Pan India Network**

500+ Channel partners across 275+ cities

**Lifecycle Service & Support**

225+ Authorised Service Partners

**Customer Financing**

In partnership with major PSU, Private Banks, and top NBFCs to deliver robust and dependable financing options.

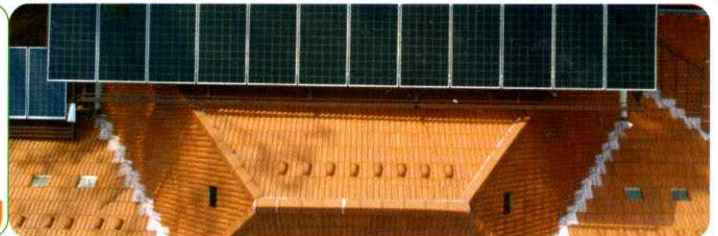

**34+ Years Experience**

Only Indian EPC company to complete the entire lifetime of a solar project

**CUSTOMER TESTIMONIALS**

“Installing solar is like making a smart investment. I used to pay 3500-4500 INR every month on electricity bills, but now it's down to just around 400 INR per month. The level of service and the quality of installation are truly outstanding.

5 kWp Residential customer in Kerala”

Authorised Dealer
